Dear Mr Gilbert

Water Supply (Water Quality) Regulations (Northern Ireland) 2007 as amended.

Enduratank

Thank you for your recent application to the Drinking Water Inspectorate (England and Wales) for approval of a product or substance for use in the public water supply. This was in respect of **Enduratank**.

The Drinking Water Inspectorate (England and Wales) undertakes this testing and assessment on behalf of England, Wales, Scotland and Northern Ireland and your application is deemed to extend to Northern Ireland. As Northern Ireland has separate legislation from that applicable in England, Wales and Scotland, the Department for Agriculture, Environment and Rural Affairs (the Department) has treated your application under Regulation 30 of the legislation above.

Following the approval of **Enduratank**, the Department hereby approves the introduction of that product in Northern Ireland on the same terms and conditions as set out in the approval notified to you by the Drinking Water Inspectorate (England and Wales) in its letter of **10/04/17**.

Your attention is drawn to Regulation 30(10) of the Regulations, which enables the Department to revoke or modify this approval. This approval is given solely for the purposes of Regulation 30 and should not be taken to imply any recommendations as to the technical merits of the aforementioned product or substance.

Yours sincerely

Catriona Davis
Chief Inspector of Drinking Water for Northern Ireland
